

Polaroid

P8600 Retransfer Card Printer

Polaroid P8600's retransfer printing technology allows you to print full color, edge-to-edge images in brilliant true color. It offers high speed printing with 600 dpi print resolution and comes available with an optional encoder and laminator for additional security and durability.

Versatility

- Encoding functionality (magnetic, contact IC, RFID)
- Laminator connection (single/dual side)
- Various media substrates and security features available

Durability

- Dual InTM film protection INTM2
- Patch/Overlay layer security

High-Quality

The 600DPI print resolution allows printing small characters (microtext) as a security feature.

Polaroid

Authorized Licensee

Polaroid

Secure

The Security Erase function (patented) prevents leakage of personal information on the ink ribbon. It scrambles information beyond recognition to protect this data.

Security Erase

For network security, the printer supports IPSec (IPv6 / IPv4). Encryption protects personal information on a network.

Applications

- Corporate ID Cards
- Student ID Cards
- Gift Cards
- Loyalty Cards
- Membership Cards
- Transportation Cards
